MARES <u>Repeater</u> Net Control Script

(Script updated March 28, 2023)

Good evening. This is **<u>Name, Call Sign</u>** , Net Control for the Milpitas ARES/RACES Radio Net. Is there any emergency or priority traffic? *(Pause - if anyone has priority traffic at any time, allow them to handle it before continuing with anything else)*

This net may be broken for any emergency or priority traffic. For information on this net see our web site at www.w6mlp.org or send e-mail to KM6IAO@ARRL.NET. This net meets at 7:15 p.m. every Tuesday on the W6MLP repeater, 224.72MHz minus offset and 100Hz PL or 145.43MHz minus offset and 85.4Hz PL.

The purpose of this net is to support and train Ham Radio Operators for emergency communications. We invite all to use this net to announce Amateur radio events, activities, resources and training in support of the City of Milpitas, Santa Clara County and the general community. This is a directed net and all traffic should be coordinated by Net Control.

Stations wishing to list announcements please identify now.

(If there are no announcements, skip the next step. Otherwise, call for each station that has an announcement) Will **<u>Name, Call Sign</u>** *(of station with announcement)*, go ahead with your item. *(After each announcement, ask for questions)*

Is there a volunteer to help keep count of the check-ins?

(Acknowledge volunteer). Thank you **<u>Volunteer's Name, Call Sign</u>** .

Are there any guests or early check-ins? Please check in now. *(Welcome guests and log early check-ins. Do a follow-up call to make sure no one was doubled or missed).*

We will now do member check-ins by roll call. The roll call consists of the stations that check in most frequently and it is not a complete membership list. Please reply when called.

\# *(If today is one of the first three weeks in January, April, July, or October, include the following)* When you respond, please also indicate if you will be attending the SVECS Breakfast. The SVECS Breakfast is held on the 4th Saturday of each quarter at 9:00 a.m.

[See roll call list on last page] *(Acknowledge check-ins)*

(At the end of the roll call list ask for any additional MARES Members who wish to check in.) Are there any additional member check-ins? *(Acknowledge and note these--do a follow-up call to make sure no one was doubled or missed.)*

Net Control experience is an essential part of Emergency Communications and Ham Radio. The Net Control duties rotate with the members of this net. See the current list on our web site. If

you are scheduled to be Net Control and have questions about this net or will not be available please send e-mail to Don: KJ6ACE@gmail.com

This Net Script and further Net Control Operation Procedures are available on our web site at www.w6mlp.org.

At this time I'd like ask if next week's Net Control Operator is on frequency? The Net Control Operator should be **Name, Call Sign** *(the operator noted in the MARES E-mail.)*

(Acknowledge Net Control Volunteer - if appropriate ask if he/she has any questions about Net Control duties)

Milpitas ARES is responsible for Net Control duties for the 8 p.m. SVECS County Net on a rotating basis with other cities as scheduled. There is a link to the SVECS Net Control Script on our web site. *(Milpitas is scheduled for SVECS Net Control on: (01/03/23, 03/21/23, 06/06/23, 08/22/23, 11/09/23)*

Are there any late check-ins? *(Acknowledge and note these--do a follow-up call to make sure no one was doubled or missed)*

Any further late check-ins may do so during the SVECS County Net at 8 p.m. All are invited to listen to the SVECS net on 146.115 MHz +offset 100Hz PL or 444.625 MHz +offset 110.9 Hz PL.

Will **Name, Call Sign** *(of the Volunteer keeping count)* please report your check-in count. *(Confirm count totals match your counts and resolve differences if necessary)*

This is **Name, Call Sign** closing the Milpitas ARES Net at **current time** with **#** check-ins, and returning the repeater to normal operation.

This is **Name, Call Sign** , 73 and thanks to all who checked in tonight.

END OF NET CONTROL SCRIPT

You are responsible for reporting our city count at the 8:00 p.m. SVECS Net on 146.115 MHz +offset 100Hz PL or 444.625 MHz +offset 110.9Hz PL
